**Supplemental Information Disclosure Statement**

This Supplemental Information Disclosure Statement is not made within: (1) three months after the filing date of the application §1.97(b)(1); (2) within three months of the date of entry of the national stage as set forth in §1.491 in an international application §1.97(b)(2); (3) before the mailing date of a first Office action on the merits §1.97(b)(3); (4) before the mailing of a first Office action after the filing of a request for continued examination under §1.97(b)(4), or (5) within three months of first being cited in any communication from a foreign patent office in a counterpart foreign application §1.97(e)(1). Therefore, this statement is considered un-timely under 37 C.F.R. §1.97(b)(3) and §1.97(e)(1) and the \$180.00 fee will be charged to the American Express card.

According to the terms of 37 C.F.R. §1.97(g), this Disclosure Statement shall not be construed as a representation that a search has been made or that no other material information as defined in 37 C.F.R. §1.56(a) exists. While this Information Disclosure Statement may be "material" pursuant to 37 C.F.R. §1.56(b), it is not intended to constitute admission that any patent, publication or other information referred to therein is "material to patentability" under 37 C.F.R. §1.97(h) for this invention unless specifically designated.

In accordance with 37 C.F.R. §1.56, applicant wishes to call the attention of the Examiner to the International Preliminary Report on patentability dated August 10, 2006. Form PTO/SB/08A (formerly PTO-1449) is also submitted herewith. A copy of the foreign patent publication reference is included herewith, as well.

With respect to the Japanese foreign references, Applicant's attorney is submitting both an original Japanese copy of the patent as well as an English language abstract of the patent readily available from a commercial source. In light of the lack of foreign language capabilities possessed by the Applicant's attorney with respect to Japanese, it is not possible to make any assertions regarding the accuracy or correctness of the English abstract and the examiner is encouraged to consult with the Translations branch of the Office to verify the accuracy of the abstract.
